

QA 3 - Physical Environment

Engaging children and educators in sustainable practices across the site.

QA 4 - Staffing Arrangements

Staff will have increased opportunities to come together for Professional Learning and administration meetings.

QA5 - Relationships

Children's emotional and social wellbeing is supported through the development of dispositions for learning.

QA 2 - Children's Health and Safety

Engaging children and families in the risk assessment process to promote nature play.

QA6 - Collaborative Partnerships

Families have opportunities to engage with supportive programs and services within the community. (Action: Providing support to families in building their parenting capacity eg, Circle of Security)

Educators work collaboratively with other sites through the continuity of learning inquiry and other Partnership initiatives.

QA1 - Educational Program and Practice

Embedding *Nature Pedagogy* across the site.

Making children's learning visible for children and families (FloorBooks and StoryPark)

QA7 - Leadership and Service Management

Engagement in professional learning to build shared understandings and educator capacity (a professional learning community).

Goal

**Adelaide Miethke
Preschool
engages children,
families, educators and
the community.**

Quality Improvement Plan 2017
