

TERM 1, 2018 REVIEW

What a busy term we have had! Learning about what happens at kindy, getting to know the indoor and outdoor spaces, finding our favourite places to play, making friends and building relationships. We have learnt a lot about; numeracy concepts through the accurate count and constructing and making; communicating our ideas using oral language, marks, letters and words through drawing, writing, recognising our names, reading books and book making; keeping ourselves safe through benefit-risk assessments; how water acts and moves through our water inquiry and how to play together in cooperative play scenes.

We also met Grug this term, at our first kindy excursion. Here are some photos from the term:

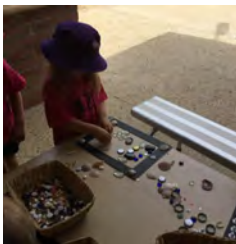

Exploring with the senses

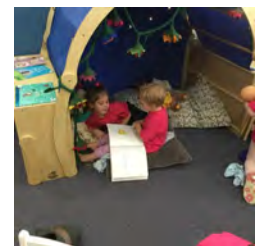

Purposeful mark making

Cooking

Communicating ideas

Friendships

Persistence

Dramatic play

Connections with nature

Creativity

*EYLF Outcome 4
Children are confident & involved learners*

Risk Taking

Physical development

EYLF Outcome 3 - Children have a strong sense of wellbeing.

Co-operation

EYLF Outcome 1 - Children have a strong sense of identity
