## Priority of Access

The Department of Education & Child Development is responsible for providing pre-school education in South Australia's kindergartens, child-parent centres and Early Childhood Development Centres.

From time to time centres may approach capacity. That is, their enrolments approach the maximum number of children they are licenced to have attending at any given time. In these times centres must implement a Priority of Access to ensure they can manage enrolment numbers and offer services to their local families in the first instance.

At Adelaide Miethke Preschool the Governing Council have approved the following Priority of Access to be implemented in accordance with DECD guidelines.

Priority is given to enrolments that meet the following criteria:

Priority 1 Places offered from August each year.

1. Children of families living within the kindergarten's priority of access area.  
Please see map over page.
2. The circumstances of the child and/or family, such as special rights, cultural, linguistic diverse backgrounds (at the discretion of the Director).

Priority 2 Places offered from September each year.

1. Children who are cared for by family day care providers or family members living in the priority of access area **OR**
2. Children whose siblings have previously attended the centre **OR**
3. Children who are enrolled to attend the main feeder schools within our local area.  
These schools are Woodville Primary School & Nazareth Primary Campus **OR**
4. Children who have attended an Associated Program at the preschool – e.g. occasional care and playgroup.

Where there are Special Individual Circumstances these will be considered and an enrolment accepted at the Director's discretion.

At times of high enrolments families are welcome to register a preliminary enrolment form and their child's name will be recorded on our waiting-list and places will be offered in line with the above Priority of Access. DECD has set a time line for the offer of places that sites are required to follow. Places will be offered in a timely manner within this time line.
